

Many a Mercedes-Benz becomes an arcade

Mercedes-Benz announced today at Auto China 2024 (until May 5) that, in cooperation with Tencent and Electronic Arts, it will initially integrate "Need for Speed Mobile" into selected vehicles in China by the end of this year. Mercedes-Benz will make the video game available via an over-the-air (OTA) update for vehicles with third-generation MBUX in China. For the full gaming experience, occupants can use their Bluetooth gaming controller while the vehicle is stationary. (aum)
